The Town received a letter on mobile and manufactured homes from the zoning, planning, and land information office. In 1993 a summer mobile home was moved to the Town for residential use outside of a mobile home court district. Every 6 months the Board issued a permit to the owner. Since the county ordinance changed the County zoning, planning and land information office decided the mobile home is in compliance and the Town no longer needs to issue permits by resolution every 6 months. The Town Board expressed concern that the Town should have been made aware of county concerns years ago when the issue came up.

The road plowing report and equipment update was given. The loader needs tires. Four tires will be ordered and installed. Plowing was discussed and a letter received from a resident on behalf of the good work of plowing this year was read to the crew.

There was discussion about the recycling center. No appliances are accepted in December, January and February. Bids should be accepted by businesses that accept appliances. The request to put an addition on the shed was tabled.
